*** MRIA Member**

Organizational Structure (Maximum 25 words)

The ACMO Recruiting Centre will directly recruit respondents in any Western Canadian location and will coordinate cross-Canada projects using closely supervised local agencies.

Company Description (Maximum 50 words)

ACMO provides automated data collection services to clients in a wide variety of fields throughout North America. Our special focus is on producing and processing custom paper-based surveys using dedicated OMR scanning technology, and handheld computer technology for face-to-face interviewing (MCAPI). Benefits are rapid turn-around and exceptional data accuracy.
